

INTERNATIONAL WORKSHOP NEW HORIZONS IN TEACHING SCIENCE

Under the patronage of Accademia Peloritana dei Pericolanti

18th -19th June 2018 Accademia Peloritana dei Pericolanti hall, Central University, Piazza Pugliatti, Messina

19th June 2018 afternoon Law lecture hall (ex-Chemistry lecture room) Central University, Piazza Pugliatti, Messina

The aim of the workshop is to deal with new trends in Science teaching/learning approaches and to put into evidence the key role played by theoretic and experimental laboratories in different fields of Science, to stress the importance of interdisciplinarity and to promote the dialogue among disciplines and scientific dissemination. The workshop is addressed to academics and researchers operating and/or interested in the fields of Science Education with a specific emphasis to Physics and Mathematics
